PG BISON 1.618 COMPETITION AND AWARDS

Press Release August 2016

PG Bison 1.618 Competition's Finalists Announced for 2016

The Top Finalists in the 2016 competition have been selected. All students will attend the PG Bison 1.618 Awards evening in October where the winners will be announced.

The judging for this year's competition took place at The Tin Factory. The feedback from the judging panel was that the brief, in their opinion, was quite difficult. While there were a large number of entries from across the country they elected 7 finalists as opposed to the usual 10.

Winners will be announced at the annual awards evening in October, and one lucky student (and their lecturer) will be jetting off to the 2017 Milan Furniture Fair, all expenses paid. The second prize winner will attend the 2017 Design Indaba in Cape Town, and the third placed student will win a R10, 000 cash prize. All other finalists will receive a R2, 000 cash prize.
